

Alteryx Installation Instructions

Step 1: Use Google Chrome -> Go to licenses.alteryx.com and create a My Alteryx Account. Also, here is the Alteryx Key - e410-9b9b-e154-4e54-b3de-c2ab-4bc7-cba0

The image shows a screenshot of the Alteryx sign-in page. At the top, there is a dark blue header with the word "alteryx" in white lowercase letters. Below the header, the text "Sign In to My Alteryx" is displayed. A welcome message reads "Welcome to My Alteryx, our new single sign-on experience." Below this, there is a link "Register here" highlighted in yellow. The sign-in form consists of two input fields: "Email" and "Password". A dark blue "Sign in" button is positioned below the fields. At the bottom of the form, there are links for "Forgot password?" and "Alteryx Privacy Policy". A footer note states: "If you have any questions around My Alteryx, please visit our [FAQ](#)."

Step 2: Click **Download** on **Alteryx Designer**

Step 4: Click download on **Alteryx Designer (Non-Admin version)**. After this a download should begin. You do not need to download the patch.

Non-administrator version:

This means that only the user who installed it can use it on that computer.

It is installed in the user data space C: \ Users \ user name \ App Data \ Local \ Alteryx or C: \ Users \ Username \ Application Data \ Local \ Alteryx.

It does not require the user to have administrator privileges on the computer.

Installation always automatically removes any previous version of Alteryx non-administrator that is installed.

Step 5: Return to licenses.alteryx.com and click **Download** on **Alteryx Intelligence Suite**
